

Technical Data of Control cabinet for HandyTrace Heating Cables

Type DV-01

FEATURES

- Temperature range +10 to 110°C
- Supply voltage: 230 VAC, 50 Hz
- IP 65

- Output S.P.C.O. 10 A
- External NTC sensor up to 50 m

FEATURES

External Main Switch
Heating ON/ OFF switch
Lamp indication for Heating activated
Leakage protective circuit
Circuit breaker

Technical Data:

Supply voltage: 230 VAC, 50 Hz +/- 10 %
Switching capacity: 10 A
Differential adjustable: 0,5 - 10 °C
Operation temperature: 0 - 50 °C
Enclosure material: painted steel
Cable entrance: 3 x M20
IP rating: 65
Dimensions (H x W x D): 300 x 200 x 160 mm
